Headquarters: Calgary, Alberta, Canada | Website: <https://kriiiva.com>

Procurement Contact: hello@kriiiva.com | Direct: +1 825-561-6363

=====

=====

1. CORPORATE PROFILE

- * Legal Business Name: KRIIIVA Technologies
- * Jurisdiction: Alberta, Canada
- * Primary NAICS Code: 541510 (Computer Systems Design and Related Services)
- * UNSPSC Codes: 81111500 (Software maintenance and support),
81112000 (Data services), 81112200 (Software maintenance)
- * Vendor Registration: Alberta Purchasing Connection (APC) Registered

2. CORE COMPETENCIES

- * Enterprise Web & Portal Engineering: Scalable architectures built with React, Next.js, Node.js, and TypeScript.
- * Native Mobile Application Development: High-security iOS (Swift/SwiftUI) and Android (Kotlin) development.
- * Legacy Modernization & Systems Integration: API development, database redesign, and legacy system migration.
- * Secure Automation & AI Systems: Retrieval-Augmented Generation (RAG) and workflow automation.

3. COMPLIANCE & STANDARDS

- * Accessibility: Compliant with WCAG 2.1 Level AA standards.
- * Privacy Legislation: Aligned with Alberta FOIP and federal PIPEDA regulations.
- * Data Sovereignty: 100% domestic Canadian cloud infrastructure deployment (AWS / Azure Canada).
- * Intellectual Property: 100% full IP transfer to the client upon contract delivery.

4. KEY DIFFERENTIATORS

- * Local Senior Engineering: Direct access to Calgary-based senior engineering without offshore handoffs.
- * Rapid Deployment Cycles: Disciplined 2-week agile sprint delivery model with transparent progress milestones.
- * Transparent Cost Structure: Fixed-scope deliverables and standard Time & Materials (T&M) rates.
